

PORT CIRCULAR 15 OF 2020

To: All Port Operators

From: Deputy Captain of the Port

Date: 20 May 2020

Re: **UPDATE TO GIBRALTAR WASTE MANAGEMENT PLAN FOR SHIP GENERATED WASTE**

Dear All

Please be advised that the exclusion of cruise liners and ferries from the MARPOL Tariff Scheme is only applicable for vessels carrying out cruise calls and passenger trips. When these vessels call at Gibraltar for any other reason other than carrying passengers they shall be included under the MARPOL tariff scheme. The Gibraltar Waste Management Plan for Ship Generated Waste has therefore been updated to reflect this clarification which is in line with current legislation. The updated version of the Plan and the Summary Info Sheet for Waste, which has also been updated to reflect this clarification of legislation, can be found on the Port Authority website at www.gibraltarport.com.

BY ORDER OF THE CAPTAIN OF THE PORT
